ABOUT ASSETZ

Every square inch of an Assetz property reflects our “Better Design” philosophy. Here you will find homes that let in tons of natural light, intelligently managed spaces and every amenity is of the highest quality. By integrating greenery all around, we create living spaces that are cherished forever.

Our team comprises of over 300 professionals who bring outstanding expertise to their respective fields. The team also has a 12-year average of rich cross-industry skills across the board. Our mission is to balance the need to break through the clutter of a highly competitive market where trends and fashion have a very short shelf life, with the demands of cost and investor confidence. A way to not succumb to this is to conceive architecture that expresses a sort of timelessness – responding to factors that are immutable to the site and the surrounding context – in order to create something that cannot be replicated elsewhere.
